

Woody's World

7th October 2021

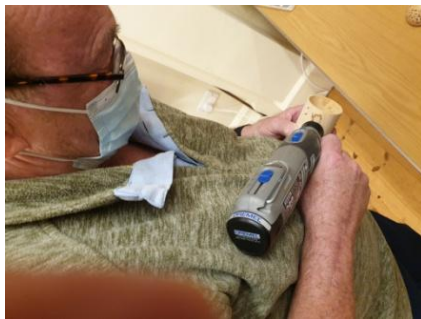

Piercing

This month the theme was making holes in wood. Three members had brought along suitable equipment for us all to have a go. They also brought samples of work they had done:

Here are members having a go:

And here are samples of work produced on the night:

The Club Social

Contrary to the report in last month's newsletter, we plan to hold the social evening on the **3rd** Saturday in January, the **15th** January 2022.

Club Chairman

A reminder that we will need a new chairman to stand at the AGM in March.

Next Month

Ken has volunteered to demonstrate thread chasing, and one or two members were interested in learning how to hold the wood using different glue methods, which Roy will demonstrate.

If you have any ideas or requests for future meetings, please mention it to Dave Simms.

Forthcoming Meetings

Meetings normally are on the first Thursday in the month except when there are elections. Meetings start at **7pm**.
